The data provided by the Registration Data Access Protocol ("RDAP") and use of our RDAP service is governed by the RDAP terms below. We reserve the right to modify these RDAP terms at any time.

The information in the RDAP database is provided to you for informational purposes only, on an "as is" basis without any guarantee of accuracy.

By submitting a query, you certify that you have a legitimate purpose for requesting the data, that you will only use this data for lawful purposes and delete the data immediately when the data is no longer necessary for your lawful or legitimate purpose, and that, under no circumstances, will you use this data to: a) allow, enable, or otherwise support the transmission of unsolicited, commercial advertising or solicitations; or (b) enable high volume, automated electronic processes that send queries or data to the systems of any registry operator or ICANN-accredited registrar, except as reasonably necessary to register domain names or modify existing registrations.

The compilation, repackaging, dissemination, or other use of this data is expressly prohibited.

We reserve the right to restrict or terminate access to the database at any time in our sole discretion including, without limitation, for excessive querying of the database or for failure to otherwise abide by these RDAP terms.

Your IP address, the queried domain, the response, and a timestamp is stored for the purposes of maintaining the RDAP service and to ensure adherence with these RDAP terms.

By submitting this query, you agree to these RDAP terms.

NOTE: THIS RDAP DATABASE IS A CONTACT DATABASE ONLY. LACK OF A DOMAIN RECORD DOES NOT SIGNIFY DOMAIN AVAILABILITY.
